# Sebastian Łuczak

TS/JS/PHP Engineer / Team & People Leader / Tech Lead
Cracow, Małopolskie, Poland

## Summary

I'm Sebastian, and I am passionate about blending technology with business strategy.I've been working with multiple different technologies, but right now I'm focused on TypeScript.I see myself as a language-agnostic software engineer with a lot of hands-on practice with system design and architecture.I can also do cloud (GCP I'm familiar with), with all the tooling around, as well as DevOps culture in general.Currently open for new roles.
